As more fully described in the Notice, all stockholders may choose to access our proxy materials on the website referred to in the Notice, and any stockholder not receiving a printed set of our proxy materials may request to receive a printed set of such materials.

We hope that you will attend the annual meeting. In any event, please promptly vote your proxy by accessing the Internet, via a toll-free telephone number as instructed in the Notice or, if you have elected to receive a paper copy of the proxy materials, by completing, signing and returning the proxy card that is provided.

On March 27, 2014, the Company had issued and outstanding 106,877,559 shares of common stock, par value \$0.0075 per share (“Common Stock”). Holders of Common Stock are entitled to one vote for each share held. All references to shares of Common Stock or stockholders of the Company in this proxy statement that relate to a date or period prior to the Company’s change of jurisdiction of incorporation from Bermuda to Delaware that became effective on December 31, 2011 should be considered to be references to the Company’s common shares or shareholders of the Company as it was incorporated in Bermuda.

Access via Internet

In accordance with the rules of the Securities and Exchange Commission (the “SEC”), instead of mailing a printed copy of our proxy materials, including our annual report, to each stockholder of record, we have decided to provide access to these materials via the Internet to all of our stockholders. This reduces the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all stockholders. Accordingly, on or about April 1, 2014, we will begin mailing a Notice Regarding Internet Availability of Proxy Materials, or the Notice, to stockholders of record as of March 27, 2014, and will have posted our proxy materials on the website referenced in the Notice (<http://wfss.mobular.net/wfss/xoma/>). As more fully described in the Notice, all stockholders may choose to access our proxy materials on the website referred to in the Notice, and any stockholder not receiving a printed set of our proxy materials may request to receive a printed set of such materials.

How to vote your shares

Your shares can be voted at the annual meeting only if you are present in person or represented by proxy. All registered stockholders can appoint a proxy by paper proxy, by telephone or via the Internet by following the instructions included with their proxy card. Stockholders whose shares of Common Stock are registered in the name of a bank or brokerage firm should follow the instructions provided by their bank or brokerage firm on voting their shares of Common Stock. Stockholders whose shares of Common Stock are registered in the name of a bank or brokerage firm participating in the Broadridge Financial Services, Inc. online program may appoint a proxy electronically through the Internet. Instruction forms will be provided to stockholders whose bank or brokerage firm is participating in Broadridge’s program. Signing and returning the proxy card or submitting the proxy by telephone or through the Internet does not affect the right to vote in person at the annual meeting.

Voting of Proxy

All shares represented by a valid proxy to the annual meeting will be voted, and, if you provide specific instructions, your shares will be voted as you instruct. If you sign your proxy card with no further instruction and do not hold your shares beneficially through a broker, bank or other nominee, your shares will be voted:

- FOR each of the nominees for the Board of Directors;
- FOR the ratification of Ernst & Young LLP to act as the Company’s independent registered public accounting firm for the 2014 fiscal year;

- FOR the approval of an amendment to the Company's Certificate of Incorporation to increase the number of shares of the Company's Common Stock, par value \$0.0075 per share, by an additional 138,666,666 to 277,333,332 shares;
- FOR the approval of an amendment to the Company's Amended and Restated 2010 Long Term Incentive Stock Plan to (a) increase the number of shares of Common Stock issuable over the term of the plan by an additional 5,350,000 to 18,771,206 shares in the aggregate and (b) provide that, for each stock appreciation right, restricted share, restricted stock unit, performance share, performance unit, dividend equivalent or other stock-based award issued, the number of available shares under the plan will be reduced by 1.18 shares; and
- FOR the advisory vote to approve the compensation of the Company's named executive officers.

Revocability of Proxies

In the case of registered stockholders, a proxy may be revoked at any time prior to its exercise by (a) giving written notice of such revocation to the Secretary of the Company at the Company's principal office, 2910 Seventh Street, Berkeley, California 94710, (b) appearing and voting in person at the annual meeting, (c) properly completing and executing a later-dated proxy and delivering it to the Company at or before the annual meeting, or (d) retransmitting a subsequent proxy by telephone or via the Internet before the annual meeting. Presence without voting at the annual meeting will not automatically revoke a proxy, and any revocation during the meeting will not affect votes previously taken. Stockholders whose shares of Common Stock are registered in the name of a bank or brokerage firm should follow the instructions provided by their bank or brokerage firm on revoking their previously appointed proxies. Abstentions and broker non-votes are each included in the number of shares of Common Stock present and entitled to vote for purposes of establishing a quorum but are not counted in tabulations of the votes cast on proposals presented to stockholders.

Quorum

The presence, in person or by proxy, of at least a majority of the shares of Common Stock outstanding on the record date will constitute a quorum. Abstentions and broker non-votes are each included in the number of shares of Common Stock present and entitled to vote for purposes of establishing a quorum but are not counted in tabulations of the votes cast on proposals presented to stockholders.

The Company will bear the entire cost of solicitation, including preparation, assembly, printing, and delivery of this proxy statement, the proxy card, and any additional material furnished to stockholders. Copies of solicitation material will be furnished to brokerage houses, fiduciaries, and custodians holding in their names shares of Common Stock that are beneficially owned by others to forward to such beneficial owners. The solicitation of proxies may be supplemented by one or more of telephone, telegram, or personal solicitation by directors, officers, or employees of the Company for no additional compensation. Stockholders appointing a proxy through the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, which will be borne by the stockholders.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

The primary objectives of the Company's compensation program are to enable the Company to attract, motivate and retain outstanding individuals and align their success with that of the Company's stockholders over the long-term through the creation of stockholder value and achievement of strategic corporate objectives that are fundamental to our business model. We attract and retain executives by benchmarking against peer companies in our industry to ensure that our compensation packages remain competitive. This practice is discussed in greater detail below under the heading "Benchmarking." When creating an executive's overall compensation package, the different elements of compensation are considered in light of the role the executive will play in our achieving near-term and longer-term goals as well as the compensation packages provided to similarly situated executives at peer companies. We also tie short- and long-term cash and equity rewards to the achievement of measurable corporate and individual performance criteria to create incentives that we believe enhance executive performance. Such performance criteria vary depending on each executive's individual role, but include value-adding achievements such as revenue generation, cost reduction, gains in production efficiency, and timely completion of undertakings. None of our employees are covered by a pension plan or other similar benefit plan that provides for payments or other benefits at, following, or in connection with retirement.

Benchmarking

The Compensation Committee is composed entirely of non-employee directors under Rule 16b-3 of the Securities Exchange Act of 1934 and outside directors under Section 162(m). The Compensation Committee has

the authority under its charter to engage the services of outside advisors, experts and others to assist the Compensation Committee. In accordance with this authority, the Compensation Committee has retained the services of Compensia, an independent consulting firm that specializes in executive compensation consulting (the "Consultant"), to assist the Compensation Committee in evaluating the Company's executive compensation program against the relevant market and to review executive compensation changes. The Consultant looked at incentive compensation, long-term stock options, restricted stock units ("RSUs"), and benefits. No other services were provided by the Consultant.

At the direction of the Compensation Committee, in 2012 management created a survey (the "Executive Compensation Survey") which compared the Company's executive pay levels to those of a peer group of 15 companies as reported in the Radford Global Life Sciences Survey from 2012. The peer group was developed by targeting primarily companies with products in Phase 2 and Phase 3 clinical trials with a range of market capitalizations. The companies that comprised the peer group were: Affymax, Alnylam Pharmaceuticals, ArQule, Array BioPharma, BioCryst Pharmaceuticals, Dyax, Immunomedics, Infinity Pharmaceuticals, Neurocrine Biosciences, Osiris Therapeutics, Repligen, Targacept, Trius Therapeutics, Vical and Xenoport.

As noted above, the Compensation Committee considers various benchmarks (i.e., the 25th percentile, the 50th percentile and the 75th percentile) based on the Executive Compensation Survey and chooses a benchmark for a particular year based on the level it deems most appropriate for the Company. For 2013, the Compensation Committee chose the 50th percentile as the benchmark. This process is performed to ensure that total compensation is competitive within the industry and appropriate when certain levels of performance are achieved. If, based on this evaluation, the Compensation Committee determines that the Company's current compensation levels are not appropriate or tailored to our compensation objectives, then the Compensation Committee may adjust the applicable compensation levels and targets accordingly.

As part of the benchmarking process, the Compensation Committee recognizes the practical reality that job responsibilities of persons with similar titles may vary significantly from company to company and that a person's title is not necessarily descriptive of a person's duties. The Compensation Committee considers the scope and complexity of executive positions within the Executive Compensation Survey and compares these positions to the scope and complexity of our executive positions. The result is an assessment of the compensation being paid to our executives in light of the compensation being paid to persons performing duties of similar scope and complexity at the companies participating in the Executive Compensation Survey. The Compensation Committee uses this assessment to assist it in making decisions regarding appropriate compensation levels for our executive positions. The underlying principle of the evaluation methodology is to focus on identifying those positions that have a scope and complexity of responsibilities that are comparable to those duties exercised by each of our particular executives.

Compensation Components

Base Salary. The base salary paid to an officer is determined on the basis of the individual's overall experience, responsibility, performance and compensation level in his or her prior position (for newly hired officers), the individual's overall performance and compensation level at the Company during the prior year (for current employees), the compensation levels of peer companies (including the biotechnology companies listed above) and other labor markets in which the Company competes for employees, the performance of the Company's Common Stock during the prior fiscal year and such other factors as may be appropriately considered by the Board, by the Compensation Committee and by management in making its proposals to the Compensation Committee.

Long-Term Incentive Program. Long-term incentive compensation principally takes the form of incentive and non-qualified option grants and awards of RSUs pursuant to stockholder-approved equity-based compensation plans. These grants and awards are designed to promote the convergence of long-term interests between the Company's key employees and its stockholders; specifically, the value of options granted and RSUs

awarded will increase or decrease with the value of the Company's Common Stock. In this manner, key individuals are rewarded commensurately with increases in stockholder value. Option grants also typically include a 4-year vesting period, and RSU awards typically include a 3-year vesting period, to encourage continued employment. The size of a particular option grant or RSU award is determined based on the individual's position and contribution to the Company.

For grants and awards during 2013, the number of options granted and RSUs awarded were determined based on employee performance and perceived potential, the numbers of options granted to such individuals in the previous fiscal year, the aggregate number of options and RSUs held by such individual, the number of options granted and RSUs awarded to similarly situated individuals in the pharmaceutical and biotechnology industries, the price of the Company's Common Stock relative to other companies in such industries and the resulting relative value of such options and RSUs. No specific measures of corporate performance were considered.

In February of 2013, the Company granted stock options and awarded RSUs to officers of the Company. Mr. Varian was granted options to purchase 152,900 shares of Common Stock and awarded 110,721 RSUs. Dr. Scannon was granted options to purchase 39,000 shares of Common Stock and awarded 28,500 RSUs. Dr. Rubin was granted options to purchase 50,299 shares of Common Stock and awarded 36,424 RSUs. Mr. Kurland was granted options to purchase 45,054 shares of Common Stock and awarded 32,625 RSUs. These awards were determined after consideration by the Compensation Committee of the executives' ownership targets and the Company's progress toward its business objectives. In addition, Mr. Klein was granted options to purchase 335,000 shares of Common Stock and awarded 242,000 RSUs in connection with his beginning employment.

Historically, option grants intended as long-term incentive compensation have been made pursuant to the Company's 1981 Share Option Plan (the "Option Plan") and Restricted Share Plan (the "Restricted Plan"). In May of 2010, the Compensation Committee and the full Board adopted, and in July of 2010 the Company's stockholders approved, a new equity-based compensation plan, the XOMA Corporation 2010 Long Term Incentive and Stock Award Plan, which was amended with stockholder approval in May of 2011 and amended and restated in December of 2011 to give effect to the Company's change of jurisdiction of incorporation from Bermuda to Delaware (the "Long Term Incentive Plan"). The Long Term Incentive Plan is intended to consolidate the Company's long-term incentive compensation under a single plan, by replacing the Option Plan, the Restricted Plan and the 1992 Directors Share Option Plan (the "Directors Plan") going forward and to provide a more current set of terms pursuant to which to provide this type of compensation.

Cash Bonus Plans.

CEO Incentive Compensation Plan. In 2004, the Compensation Committee, the Board and the stockholders approved the CEO Incentive Compensation Plan (the "CICP") in order to make the CEO's compensation more commensurate with that of industry peers and because the Compensation Committee believed that it was not appropriate to include the CEO in the Management Incentive Compensation Plan given the CEO's active role in administering that plan.

Only our CEO is eligible to participate in the CICP and, depending on his or her performance and that of the Company, earn incentive compensation. As soon as practicable after the end of each fiscal year (the "Plan Period"), the Compensation Committee recommends to the Board and the Board determines whether and to what extent certain pre-established Company objectives for that Plan Period ("Company Objectives") have been met, each Company Objective having been assigned a percentage toward completion of the Company Objectives overall (each, a "Achievement Percentage"). For each Plan Period, unless 70% of the Company Objectives for that Plan Period have been met, no incentive compensation will be awarded. The Board retains considerable discretion both in determining the extent to which the Company Objectives are achieved and in considering additional factors that may influence its overall determinations.

The incentive compensation under the CICP is weighted based 50% on meeting Company Objectives, 30% based on CEO evaluation form criteria (relating to leadership, strategic and succession planning, financial matters, human resources, communications and external and board relations) and 20% based on an evaluation of individual performance objectives by the Compensation Committee. The award opportunity range for the CEO expressed as a percentage of his or her base salary is as follows: minimum award opportunity—0%; target award opportunity—50%; and maximum award opportunity—150%, in each case, of base salary.

The performance of the CEO is typically rated as soon as practicable following the conclusion of the Plan Period. Distribution of incentive compensation is generally made in March of the succeeding year after the Plan Period. The incentive awards granted under the CICP are payable in cash.

Management Incentive Compensation Plan . Certain employees are compensated through the Management Incentive Compensation Plan (the “MICP”), in which officers (other than the CEO) and employees who have the title of Senior Director, Director or Manager, as well as certain additional discretionary participants chosen by the CEO, are eligible to participate. Under the MICP, at the beginning of each Plan Period, the Board (with advice from the Compensation Committee) establishes a target incentive compensation pool, which is then adjusted at year-end to reflect the Company’s performance in achieving the Company Objectives.

After each Plan Period, the Compensation Committee makes a determination as to the performance of the Company and MICP participants in meeting the Company Objectives and individual objectives for that Plan Period. Awards to MICP participants vary depending upon the level of achievement of the Company Objectives, the size of the incentive compensation pool and the MICP participants’ base salaries and performance during the Plan Period as well as their expected ongoing contribution to the Company. The Company must meet a minimum percentage of the Company Objectives (currently 70%) for a particular Plan Period before any awards are made under the MICP for that Plan Period. The Board and the Compensation Committee retain considerable discretion both in determining the extent to which the Company Objectives are achieved and in considering additional factors which may influence its overall determinations.

For officers, including the executive officers named in the “Summary Compensation Table” below, other than the CEO, the incentive compensation under the MICP is weighted as follows: 50% based on meeting Company Objectives described under “Bonus Determinations for 2013” below, 30% based on individual objectives and 20% based on a discretionary evaluation by the CEO. The target awards for these officers as a percentage of base salary range from 30% to 40%, with an award opportunity range of 15% to 60% of base salary. For other MICP participants, the incentive compensation is weighted as follows: either 40% or 30% based on meeting Company Objectives, either 40% or 50% based on individual objectives and, in all cases, 20% based on a discretionary evaluation by the CEO. The award opportunities for these participants as a percentage of base salary range from a minimum of 0% to a maximum of 37.5% of base salary, depending on among other things the participants’ position within the Company.

The performance of the MICP participants is typically rated as soon as practicable following the conclusion of the Plan Period. Distribution of incentive compensation is generally made in March of the succeeding year after the Plan Period. Awards under the MICP are payable in cash.

As of December 31, 2013, 110 individuals within the guidelines approved by the Compensation Committee were determined to be eligible to participate in the MICP, including four of the executive officers named in the “Summary Compensation Table” below other than Mr. Varian.

Bonus Compensation Plan . Employees who are not eligible to participate in the CICP or the MICP may be also compensated through the Bonus Compensation Plan (the “BCP”). Under the BCP, at the beginning of each Plan Period, the Board (with advice from the Compensation Committee) establishes a target incentive compensation pool, which is then adjusted at year-end to reflect the Company’s performance in achieving the Company Objectives.

After each Plan Period, management makes a determination as to the performance of the Company, and BCP participants in meeting the Company Objectives, which are determined from time to time by the Board in

its sole discretion. Awards to BCP participants vary depending upon the level of achievement of the Company Objectives, the size of the incentive compensation pool and the BCP participants' base salaries. The Company must meet a minimum percentage of the Company Objectives (currently 70%) before any awards are made under the BCP. Awards under the BCP are payable in cash.

As of December 31, 2013, 46 individuals were determined to be eligible to participate in the BCP none of which are executive officers of the Company.

Other Compensation. The Company maintains broad-based benefits and perquisites that are provided to all employees, including health insurance, life and disability insurance, vision and dental insurance, a 401(k) plan and temporary housing and other living expenses for relocated employees. The Company also maintains an Employee Stock Purchase Plan, designed to give employees an opportunity to purchase shares of Common Stock through payroll deductions, thereby encouraging employees to share in the economic growth and success of the Company.

Tax Treatment. Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") generally limits the deductible amount of annual compensation paid to certain individual executive officers (i.e., the chief executive officer and the four other most highly compensated executive officers of the Company) to no more than \$1 million. However, qualifying performance-based compensation will be excluded from the \$1 million cap on deductibility. We consider tax deductibility under Section 162(m) as a factor in our compensation decisions. However, we retain the ability to authorize certain compensation payments that may not satisfy the tax

deductibility requirements under Section 162(m) if it is determined that such payments are appropriate to attract and/or retain executive talent or otherwise promote our corporate objectives. The Company and the Compensation Committee will continue to review tax consequences as well as other relevant considerations in connection with compensation decisions.

Compensation Risk Assessment

We believe that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our Company. We believe that our approach to goal-setting, setting of targets with payouts at multiple levels of performance, and evaluation of performance results assist in mitigating excessive risk-taking that could harm our value. We believe we have allocated our compensation among base salary and short- and long-term compensating target opportunities in such a way as not to encourage excessive risk-taking.

Compensation of Directors

The primary objectives of the Company's director compensation program are to enable the Company to attract, motivate and retain outstanding individuals and align their success with that of the Company's stockholders through the creation of stockholder value. We attract and retain directors by benchmarking against companies in our industry of similar size to ensure that our director compensation packages remain competitive. The different elements of director compensation are considered in light of the compensation packages provided to similarly situated directors at peer companies.

The Nominating & Governance Committee has retained the services of the Consultant to assist in evaluating the Company's director compensation program against the relevant market. At the direction of the Nominating & Governance Committee, management created a survey (the "Director Compensation Survey") which compared the Company's director pay levels to those of the same peer group of companies used in the Executive Compensation Survey. The benchmarking process for director compensation used by the Nominating & Governance Committee based on the Director Compensation Survey is substantially similar to the process used by the Compensation Committee for evaluating executive compensation described above under "Compensation Discussion and Analysis."

The table below sets forth the 2013 compensation for members of the Board who were non-employee directors at any time during 2013. Mr. Varian (CEO) and Dr. Scannon (Executive Vice President and Chief Scientific Officer) are not listed in this table because they received no additional compensation for services as members of the Board.

Due to recent changes in these rules, uncontested director elections are no longer "discretionary," so if your shares are registered in the name of a bank or brokerage firm, you *must* follow your bank's or brokerage firm's instructions in order to participate in the election of our directors.

Board Matters

Board Leadership Structure and Risk Oversight

The Company currently separates the positions of CEO and Chairman of the Board. Mr. Van Ness has served as Chairman of the Board since August 2011. The CEO is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company. The Chairman of the Board is responsible for presiding at all executive sessions of the Board, consulting with the CEO on Board and committee meeting agendas, acting as a liaison between management and the independent directors, including maintaining frequent contact with the CEO and advising him on the efficiency of Board meetings, facilitating teamwork and communication between the independent directors and management, as well as additional responsibilities. The independent directors believe that Mr. Van Ness's in-depth knowledge of the biopharmaceutical industry and vision for its development, as well as his leadership skills and style, make him the best-qualified director to serve as Chairman of the Board. In light of the separation of the CEO and Chairman of the Board positions, the Board determined that a separate position of Lead Independent Director was no longer necessary.

The Board is responsible for consideration and oversight of risks facing the Company and is responsible for ensuring that material risks are identified and managed appropriately. As set forth in the Audit Committee charter, the Audit Committee meets periodically with management in order to review the Company's major financial exposures and the steps management has taken to monitor and control such exposures. In fulfilling this role, the Audit Committee conducts periodic risk assessments and reports its findings to the full Board. The Audit Committee also oversees related-party transactions.

Independence of the Board of Directors

As required under the NASDAQ Stock Market ("NASDAQ") listing standards, a majority of the members of a listed company's board of directors must qualify as "independent," as affirmatively determined by the board of directors. In addition, applicable NASDAQ rules require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating committees be independent within the meaning of applicable NASDAQ rules. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act.

Our Board undertook a review of the independence of each director and considered whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. As a result of this review, our Board determined that each of Messrs. Bowes, Hutt, Limber, Van Ness, Walbert and Wyszomierski qualifies as an “independent” director within the meaning of the NASDAQ rules. Accordingly, a majority of our directors are independent, as required under applicable NASDAQ rules. Our non-employee directors have been meeting, and we anticipate that they will continue to meet, in regularly scheduled executive sessions at which only non-employee directors are present.

Board Meetings

During the fiscal year ended December 31, 2013, the Board held seven meetings. Each Board member attended at least 75% of the aggregate number of meetings of the Board and the committees of the Board on which he served that were held during the last fiscal year. Directors are encouraged to attend the Company’s annual meetings of stockholders where practicable. All of the current directors attended last year’s annual meeting of stockholders either in person or telephonically.

The Board has standing audit, compensation and nominating & governance committees.

Compensation Committee

The Compensation Committee is responsible for recommending and reviewing the compensation, including options and perquisites, of the Company’s officers and other employees. The Compensation Committee, currently consisting of Messrs. Wyszomierski (Chairman), Limber and Van Ness, held two meetings during 2013. The Board has adopted a written charter for the Compensation Committee, a copy of which is available on the Company’s website at www.xoma.com. See “Compensation Committee Report on Executive Compensation” and “Compensation Discussion and Analysis.”

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee who served on the Compensation Committee in 2013 or who presently serve on the Compensation Committee has interlocking relationships as defined by the SEC or had any relationships requiring disclosure by the Company under the SEC’s rules requiring disclosure of certain relationships and related party transactions.

Nominating & Governance Committee

The Nominating & Governance Committee assists the Board by identifying individuals qualified to become Board members, recommends to the Board the director nominees for the next annual meeting of stockholders, recommends to the Board the director nominees for each committee and develops, recommends to the Board and oversees the governance principles applicable to the Company. The Nominating & Governance Committee, currently consisting of Messrs. Bowes (Chairman), Hutt, Van Ness and Walbert, held 1 meeting during 2013. Each member of the Nominating & Governance Committee is “independent” as defined in the listing standards of NASDAQ. The Board has adopted a written charter for the Nominating & Governance Committee, a copy of which is available on the Company’s website at www.xoma.com.

The Nominating & Governance Committee’s charter provides that the committee will, on behalf of the Board, review letters from stockholders regarding the Company’s annual meeting and governance process. Beyond this, the committee has no formal policy regarding consideration of director candidates recommended by stockholders, in large part because the Company has never received from any of its stockholders a recommendation of a director nominee with reasonably adequate qualifications. The need for a more formal policy was considered and determined to be unnecessary by the committee. The committee will consider candidates recommended by stockholders, and a stockholder wishing to submit a recommendation should send a letter to the Secretary of the Company at 2910 Seventh Street, Berkeley, California 94710. The mailing envelope

must contain a clear notation indicating that the enclosed letter is a "Director Nominee Recommendation." The letter must identify the author as a stockholder and provide a complete listing of the candidate's qualifications to serve on the Board, the candidate's current principal occupation, most recent five-year employment history and current directorships and a statement that the proposed nominee has consented to the nomination, as well as contact information for both the candidate and the author of the letter. Stockholders may also nominate candidates who are not first recommended to the Nominating & Governance Committee by following procedures set forth in our by-laws.

To be considered by the Nominating & Governance Committee, a director nominee must have experience as a board member or senior officer of a company in the healthcare or other industries, have a strong financial background, be a leading participant in another field relative to the Company's business or have achieved national prominence in a relevant field as a faculty member, professional or government official. In addition to these minimum requirements, the committee seeks director candidates based on a number of qualifications, including their independence, knowledge, judgment, leadership skills, education, experience, financial literacy, standing in the community and ability to foster a diversity of backgrounds and views and complement the Board's existing strengths. The Board believes that diversity with respect to all of these factors is an important consideration in appropriate Board composition.

The Board and the Nominating & Governance Committee begin the process of identifying and evaluating director nominees by seeking recommendations from a wide variety of contacts, including current executive officers and directors and industry, academic and community leaders. The Board or the committee may retain a search firm to identify and screen candidates, conduct reference checks, prepare biographies for review by the committee and the Board and assist in setting up interviews. The Nominating & Governance Committee and one or more of the Company's other directors interview candidates, and the committee selects, and recommends to the full Board, nominees that best suit the Company's needs.

Audit Committee

The Audit Committee is primarily responsible for approving the services performed by the Company's independent registered public accounting firm and reviewing the Company's accounting practices and systems of internal accounting controls. This committee held 7 meetings in 2013 and consisted of Messrs. Van Ness, Walbert (Chairman) and Wyszomierski. Each member of the Audit Committee is "independent" as defined in the listing standards of NASDAQ. The Board has determined that Mr. Wyszomierski is an "audit committee financial expert" as defined by the rules of the SEC. The Board has adopted a written charter for the Audit Committee, a copy of which is available on the Company's website at www.xoma.com.

Report of the Audit Committee

In accordance with rules established by the SEC, the Audit Committee has prepared the following report for inclusion in this proxy statement:

As part of its ongoing activities, the Audit Committee has:

- met with management periodically to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting and discussed these matters with the Company's independent registered public accounting firm and with appropriate Company financial personnel;
- regularly met privately with the independent registered public accounting firm, who have unrestricted access to the committee;
- recommended the appointment of the independent registered public accounting firm and reviewed periodically their performance and independence from management;
- reviewed the Company's financing plans and reported recommendations to the full Board for approval and to authorize action;

-
- reviewed and discussed with management the Company’s audited consolidated financial statements for the fiscal year ended December 31, 2013;
 - discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended (AICPA AU Section 380), as adopted by the Public Company Accounting Oversight Board (“PCAOB”) in Rule 3200T; and
 - received the written disclosures and the letter from the independent registered public accounting firm required by PCAOB Rule 3526, Communication with Audit Committees Concerning Independence, and discussed with the independent registered public accounting firm their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the 2013 Form 10-K.

AUDIT COMMITTEE OF
THE BOARD OF DIRECTORS

Timothy P. Walbert, Chairman

W. Denman Van Ness

Jack L. Wyszomierski

Recommendation

The Board of Directors recommends voting “**FOR**” the election of all nominees to the Board of Directors.

ITEM 2—APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board, on the recommendation of its Audit Committee, recommends the appointment of Ernst & Young LLP (“Ernst & Young”) to serve as the Company’s independent registered public accounting firm for 2014. Ernst & Young has been acting as the Company’s independent registered public accounting firm since fiscal year 1998.

Audit Fees. The aggregate fees billed for each of the 2012 and 2013 fiscal years for professional services rendered by Ernst & Young for the audit of the Company’s annual financial statements, review of financial statements included in the Company’s Form 10-Q, services that are normally provided by Ernst & Young in connection with statutory and regulatory filings or engagements and for attestation services related to Sarbanes-Oxley compliance for those fiscal years were \$593,980 and \$671,559, respectively.

Audit-Related Fees. The aggregate fees billed for each of the 2012 and 2013 fiscal years for audit-related services rendered by Ernst & Young were \$239,962 and \$190,000, respectively, excluding the services described in the preceding paragraph.

Tax Fees. The aggregate fees billed for each of the 2012 and 2013 fiscal years for products and services provided by Ernst & Young for tax compliance, tax advice and tax planning were \$59,991 and \$8,000, respectively.

All Other Fees. The aggregate fees billed for each of the 2012 and 2013 fiscal years for products and services provided by Ernst & Young other than the services reported in the three immediately preceding paragraphs were \$1,995 and \$1,995, respectively.

The Audit Committee considered whether the provision of the services covered in the four immediately preceding paragraphs of this section is compatible with maintaining Ernst & Young’s independence.

The Audit Committee’s policy is to pre-approve all audit and permissible non-audit services provided by the Company’s independent accountants. Pre-approval is generally provided for up to one year, is detailed as to the particular service or category of services and is generally subject to a specific budget. The committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by the independent accountants, the committee considers whether such services are consistent with the auditor’s independence, whether the independent accountants are likely to provide the most effective and efficient service based on their familiarity with the Company, and whether the service could enhance the Company’s ability to manage or control risk or improve audit quality. The committee has delegated pre-approval authority to its chairman, who must report any decisions to the committee at its next scheduled meeting.

Recommendation

The recommendation to ratify the appointment of Ernst & Young is being submitted to the stockholders at the annual meeting. If such appointment is not made, the Board will consider other independent registered public accounting firms for appointment. The Board recommends voting “**FOR**” the ratification of the appointment of Ernst & Young as the Company’s independent registered public accounting firm for the 2014 fiscal year.

A representative of Ernst & Young is expected to be present at the meeting with an opportunity, if desired, to make a statement and to respond to your questions.

ITEM 3—AMENDMENT TO CERTIFICATE OF INCORPORATION

Background

Currently, the Company is authorized to issue 138,666,666 shares of Common Stock in the aggregate. In February 2014, the Board approved a proposal to amend the Company's Certificate of Incorporation to increase the number of authorized shares of Common Stock by an additional 138,666,666 to 277,333,332 shares, subject to stockholder approval (the "Authorized Share Increase").

On March 27, 2014, the Company had issued and outstanding 106,877,559 shares of Common Stock. As of that date, the Company had reserved approximately 24,435,883 shares for issuance upon exercise of outstanding options and warrants and vesting of outstanding RSUs and in connection with existing stock-based compensation and benefit plans and financing arrangements. Consequently, the Company has approximately 7,353,224 shares available for other issuances.

Effects of Adoption of the Proposal

The adoption of this proposal would increase the number of authorized shares of Common Stock from 138,666,666 to 277,333,332 shares. The additional Common Stock for which authorization is sought would be part of the existing class of Common Stock and, to the extent issued, would have the same rights and privileges as the shares of Common Stock currently issued and outstanding. No holder of shares of Common Stock is entitled to any preemptive right to subscribe for or purchase any shares or other securities of the Company. The issuance of a substantial amount of Common Stock or the granting of an option to purchase a substantial amount of Common Stock could have a potential anti-takeover effect with respect to the Company, which may make it more difficult to effect a change in control of the Company (for example, by decreasing the percentage of share ownership of those persons seeking to obtain control), although the Board is not presenting the proposal for that reason and does not anticipate using the newly authorized shares for such a purpose. Under applicable law, the Board is required to make any determination to issue such shares based on its judgment at the time of such issuance as to the best interest of the Company.

Approval of the proposal would not affect the number of authorized shares of preferred stock or the number of shares issuable under any of the Company's existing stock-based compensation or benefit plans.

Recommendation

The Company has approximately 2,011,908 shares of Common Stock reserved for issuance upon exercise of outstanding options and warrants and vesting of outstanding RSUs and in connection with existing stock-based compensation and benefit plans and financing arrangements and available for other issuances. The Board considers it necessary and in the best interest of the Company to have a sufficient number of shares of Common Stock available for issuance in order to provide the Company with business and financing flexibility. The Board also believes in the importance of stock-based compensation and benefits plans to align employee and stockholder interests and to continue to attract and retain the services of outstanding employees. Common Stock may be issued by the Company in connection with future strategic business collaborations or equity financings, upon conversion or exchange of outstanding securities. The Company is also obligated to reserve shares for issuance to certain existing investors. Except as described in this paragraph, there are currently no agreements or understandings regarding the issuance of any of the additional shares of Common Stock that would become available if the number of authorized shares of Common Stock is increased as proposed.

For these reasons, the Board unanimously recommends a vote "**FOR**" approval. Approval of the Authorized Share Increase requires the affirmative vote of the holders of a majority of the outstanding shares of Common Stock.

ITEM 4—AMENDMENT TO LONG TERM INCENTIVE PLAN

The Board has adopted, subject to stockholder approval, an amendment to the Long Term Incentive Plan to (a) increase the number of shares of Common Stock issuable over the term of the plan by an additional 5,350,000 to 18,771,206 shares of Common Stock in the aggregate, (b) provide that, for each stock appreciation right (“SAR”), restricted share, RSU, performance share, performance unit, dividend equivalent or other stock-based award issued, the number of available shares under the Long Term Incentive Plan will be reduced by 1.18 shares, while option grants will continue to reduce the number of available shares under the Long Term Incentive Plan by one share for each option to purchase one share granted and (c) increase the number of shares of common stock issuable under the plan as incentive stock options, or ISOs, by an additional 5,350,000 to 8,100,000 shares.

The Long Term Incentive Plan is designed to encourage equity ownership of the Company by the employees, consultants and directors who are primarily responsible for its management, growth and financial success, to align the interests of such employees, consultants and directors with those of the Company’s stockholders and to assist the Company in attracting and retaining the services of such employees, consultants and directors (see “Compensation Discussion and Analysis” above).

The Board believes that the Company will be at a competitive disadvantage in its efforts to attract and retain employees, consultants and directors if it does not have the ability to issue equity-based compensation awards and believes that approval of the proposed amendment is in the best interest of the Company and its employees, consultants and directors because it will assist the Company in retaining the services of outstanding employees, consultants and directors. The Board also believes that the Company needs to maintain the flexibility to issue SAR, restricted share, RSU, performance share, performance unit, dividend equivalent and other stock-based awards, as well as stock options, to participants in the Long Term Incentive Plan. However, the Board also recognizes that SAR, restricted share, RSU, performance share, performance unit, dividend equivalent or other stock-based awards generally have a greater cost to the Company than stock options, and accordingly the proposal includes a provision whereby for each SAR, restricted share, RSU, performance share, performance unit, dividend equivalent or other stock-based award issued, the number of available shares under the Long Term Incentive Plan will be reduced by 1.18 shares. In addition, the Board believes that the Company needs to maintain the flexibility to grant options under the Long Term Incentive Plan as ISOs.

The following summary of the Long Term Incentive Plan is qualified in its entirety by reference to the Long Term Incentive Plan, a copy of which, as proposed to be amended as set forth in this Item 4, is attached as Appendix 1 to this proxy statement. As of the record date there were 106,877,559 shares of Common Stock outstanding and the per-share closing price of our common stock as reported on NASDAQ Capital Market was \$5.26.

Overhang

The following table provides certain additional information regarding our equity incentive program.

	As of March 1, 2014
Total number of shares of common stock subject to outstanding stock options	7,472,544
Total number of shares of common stock subject to outstanding full value awards	2,705,197
Weighted-average exercise price of outstanding stock options	\$8.52
Weighted-average remaining term of outstanding stock options	7.17
Total number of shares of common stock available for grant under all equity incentive plans	2,011,908

Burn Rate

The following table provides detailed information regarding the activity related to our equity incentive plans for fiscal year 2013.

	Fiscal Year 2013
Total number of shares of common stock subject to stock options granted	1,168,203
Total number of shares of common stock subject to full value awards granted	958,385
Total number of shares of common stock subject to stock options cancelled	151,190
Total number of shares of common stock subject to full value awards cancelled	43,167
Weighted-average common stock outstanding	86,398,316

The Company commits that, with respect to the number of shares subject to awards granted over the next three fiscal years, we will maintain an average annual burn rate over that period that does not exceed 5.91% of weighted common shares outstanding. For purposes of calculating the number of shares granted in a particular year, all awards will first be converted into option-share equivalents. In this case, each share that is subject to awards other than options will count as equivalent to 1.5 option shares.

General

The Long Term Incentive Plan is intended to provide incentives to attract, retain and motivate employees, consultants and directors and to provide for competitive compensation opportunities, to encourage long term service, to recognize individual contributions and reward achievement of performance goals, and to promote the creation of long term value for stockholders by aligning the interests of such persons with those of stockholders. The Long Term Incentive Plan will provide for the grant to eligible employees, consultants and directors of stock options, SARs, restricted shares, RSUs, performance shares, performance units, dividend equivalents, and other stock-based awards (the "Awards"). Although no further grants or awards will be made under the Option Plan, the Restricted Share Plan or the Directors Plan, shares underlying options previously issued under the Option Plan, the Restricted Share Plan or the Directors Plan that are currently outstanding will, upon forfeiture, cancellation, surrender or other termination without distribution of shares of Common Stock to holders thereof, become available under the Long Term Incentive Plan.

Of the 13,421,206 shares of Common Stock currently authorized for issuance under the Long Term Incentive Plan, as of March 1, 2014, 1,157,373 shares have been issued on the exercise of option awards, 870,293 shares have been issued in connection with vesting of RSUs, 9,186,459 shares were subject to outstanding options and RSUs (adjusted upward to reflect the full-value awards fungible share ratio), and 1,979,687 shares were available for issuance for future awards. The expiration dates for all such outstanding options range from May 19, 2014 (at the earliest) to February 27, 2024 (at the latest). After amendment of the Long Term Incentive Plan as proposed in this Item 4, 7,361,908 shares will be available for issuance under the Long Term Incentive Plan. However, for each SAR, restricted share, RSU, performance share, performance unit, dividend equivalent or other stock-based award issued, the number of shares available under the Long Term Incentive Plan will be reduced by 1.18 shares. Forfeiture of Awards that were counted as 1.18 shares under the provisions described above will result in the addition to shares available under the Long Term Incentive Plan of 1.18 shares per share forfeited.

The shares of Common Stock issuable over the term of the Long Term Incentive Plan will be made available from authorized but unissued shares of Common Stock. Each option will have an exercise price per share of not less than 100% of the fair market value per share of Common Stock on the date of grant.

During each calendar year (i) the maximum number of shares with respect to which options and SARs may be granted to a participant under the Long Term Incentive Plan will be 466,666 shares of Common Stock, and (ii) the maximum number of shares of Common Stock which may be granted to a participant under the Long Term Incentive Plan with respect to Awards intended to qualify as performance-based compensation under the

Code (other than options and SARs) will be 466,666 shares of Common Stock. In addition, no more than 2,750,000 shares (or 8,100,000 shares, if the amendment proposed in this Item 4 is approved) of Common Stock may be issued as ISOs under the Long Term Incentive Plan. As of March 1, 2014, the Company has issued options to purchase 1,577,831 shares of Common Stock under the Long Term Incentive Plan as ISOs. This limitation has no effect, however, on the number of shares available under the Long Term Incentive Plan. These Common Stock amounts are subject to anti-dilution adjustments in the event of certain changes in the Company's capital structure, as described below. Shares of Common Stock issued pursuant to the Long Term Incentive Plan may consist, in whole or in part, of authorized but unissued shares of Common Stock or treasury shares including shares of Common Stock acquired by purchase in the open market or in private transactions.

Eligibility and Administration

Officers and other employees of, and consultants to, the Company and its subsidiaries and affiliates and directors of the Company will be eligible to be granted Awards under the Long Term Incentive Plan. Approximately 170 officers, other employees and directors are currently eligible to participate in the Long Term Incentive Plan. Although the Company utilizes the services of a number of consultants who are or would be eligible to be granted Awards under the Long Term Incentive Plan from time to time, it has seldom granted options or shares under its equity-based plans to consultants.

The Long Term Incentive Plan will be administered by the Compensation Committee or such other Board committee or committees (or the entire Board) as may be designated by the Board. Different committees (including the entire Board) may administer the Long Term Incentive Plan with respect to different groups of eligible participants, but in this proxy statement we refer to all of them together as the "LTIP Administrator." Unless otherwise determined by the Board, the LTIP Administrator will consist of two or more members of the Board who are nonemployee directors within the meaning of Rule 16b-3 of the Exchange Act and "outside directors" within the meaning of Section 162(m) of the Code. The LTIP Administrator will determine which eligible employees, consultants and directors receive Awards, the types of Awards to be received and the terms and conditions thereof. The LTIP Administrator will have authority to waive conditions relating to an Award or accelerate vesting of Awards.

The LTIP Administrator may delegate to other members of the Board or officers or managers of the Company or any subsidiary or affiliate the authority, subject to such terms as the LTIP Administrator shall determine, to perform administrative functions and, with respect to Awards granted to persons not subject to Section 16 of the Exchange Act, to perform such other functions as the LTIP Administrator may determine to the extent permitted under Rule 16b-3 and applicable law.

Except for certain anti-dilution adjustments, unless the approval of stockholders of the Company is obtained, options and SARs issued under the Long Term Incentive Plan will not be amended to lower their exercise price or exchanged for other options or SARs with lower exercise prices, options and SARs with an exercise price in excess of the fair market value of the underlying shares of Common Stock will not be exchanged for cash or other property, and no other action will be taken with respect to options or SARs that would be treated as a repricing under the rules of the principal stock exchange on which the shares of Common Stock are listed.

Awards

ISOs intended to qualify for special tax treatment in accordance with the Code and nonqualified stock options not intended to qualify for special tax treatment under the Code may be granted for such number of shares of Common Stock as the LTIP Administrator determines. The LTIP Administrator will be authorized to set the terms relating to an option, including exercise price and the time and method of exercise. However, the exercise price of options will not be less than the fair market value of the shares of Common Stock on the date of grant, and the term will not be longer than ten years from the date of grant of the options.

An SAR will entitle the holder thereof to receive with respect to each share subject thereto, an amount equal to the excess of the fair market value of one share of Common Stock on the date of exercise over the exercise price of the SAR set by the LTIP Administrator as of the date of grant. However, the exercise price of the SARs will not be less than the fair market value of the shares of Common Stock on the date of grant, and the term will not be longer than ten years from the date of grant of the SARs. Payment with respect to SARs may be made in cash or shares of Common Stock as determined by the LTIP Administrator.

Awards of restricted shares will be subject to such restrictions on transferability and other restrictions, if any, as the LTIP Administrator may impose. Such restrictions will lapse under circumstances as the LTIP Administrator may determine, including based upon a specified period of continued employment or upon the achievement of performance criteria referred to below. Except as otherwise determined by the LTIP Administrator, eligible employees granted restricted shares will have all of the rights of a stockholder, including the right to vote restricted shares and receive dividends thereon, and unvested restricted shares will be forfeited upon termination of employment during the applicable restriction period.

An RSU will entitle the holder thereof to receive shares of Common Stock or cash at the end of a specified deferral period. RSUs will also be subject to such restrictions as the LTIP Administrator may impose. Such restrictions will lapse under circumstances as the LTIP Administrator may determine, including based upon a specified period of continued employment or upon the achievement of performance criteria referred to below. Except as otherwise determined by the LTIP Administrator, RSUs subject to restriction will be forfeited upon termination of employment during any applicable restriction period.

Performance shares and performance units will provide for future issuance of shares of Common Stock or payment of cash, respectively, to the recipient upon the attainment of performance objectives over specified performance periods. Except as otherwise determined by the LTIP Administrator, performance shares and performance units will be forfeited upon termination of employment during any applicable performance period. Performance objectives may vary from person to person and will be based upon such performance criteria as the LTIP Administrator may deem appropriate. The LTIP Administrator may revise performance objectives if significant events occur during the performance period which the LTIP Administrator expects to have a substantial effect on such objectives.

The LTIP Administrator may also grant dividend equivalent rights and it is authorized, subject to limitations under applicable law, to grant such other Awards that may be denominated in, valued in, or otherwise based on, shares of Common Stock, as deemed by the LTIP Administrator to be consistent with the purposes of the Long Term Incentive Plan.

If the LTIP Administrator determines that an Award of restricted shares, RSUs, performance shares, performance units or other stock-based awards should qualify under the performance-based compensation exception to the \$1 million cap on deductibility under Section 162(m) of the Code, the grant, vesting, exercise and/or settlement of such awards shall be contingent upon achievement of pre-established performance goals based on one or more of the following business criteria for the Company and/or for specified subsidiaries or affiliates or other business units or lines of business of the Company: (1) earnings per share (basic or fully diluted); (2) revenues; (3) earnings, before or after taxes, from operations (generally or specified operations), or before or after interest expense, depreciation, amortization, incentives, or extraordinary or special items; (4) cash flow, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital; (5) return on net assets, return on assets, return on investment, return on capital, return on equity; (6) economic value added; (7) operating margin or operating expense; (8) net income; (9) Common Stock price or total stockholder return; (10) book value or adjusted book value; (11) expense ratio; (12) operating income; and (13) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, geographic business expansion goals, cost targets, customer satisfaction, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates or joint ventures. The targeted level or levels of performance with respect to such business

criteria may be established at such levels and in such terms as the LTIP Administrator may determine, in its discretion, including in absolute terms, as a goal relative to performance in prior periods, or as a goal compared to the performance of one or more comparable companies or an index covering multiple companies. The maximum amount payable upon settlement of a cash-settled performance unit (or any other cash-settled award) granted under the Long Term Incentive Plan that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code for any calendar year to any participant will not exceed \$3,000,000.

Nontransferability

Unless otherwise set forth by the LTIP Administrator in an award agreement, Awards (except for vested shares) will generally not be transferable by the participant other than by will or the laws of descent and distribution and will be exercisable during the lifetime of the participant only by such participant or his or her guardian or legal representative.

Change in Control

In the event of a change in control (as defined in the Long Term Incentive Plan), all Awards granted under the Long Term Incentive Plan then outstanding but not then exercisable (or subject to restrictions) shall become immediately exercisable, all restrictions shall lapse, and any performance criteria shall be deemed satisfied, unless otherwise provided in the applicable Award agreement.

Capital Structure Changes

If the LTIP Administrator determines that any dividend in shares, recapitalization, share split, reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, share exchange, extraordinary distribution or other similar corporate transaction or event affects the shares such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of eligible participants under the Long Term Incentive Plan, then the LTIP Administrator shall make such equitable changes or adjustments as it deems appropriate, including adjustments to (i) the number and kind of shares that may thereafter be issued under the Long Term Incentive Plan, (ii) the number and kind of shares, other securities or other consideration to be issued or become issuable in respect of outstanding Awards, and (iii) the exercise price, grant price or purchase price relating to any Award. Under such circumstances, the LTIP Administrator also has the authority to provide for a distribution of cash or property in respect of any Award.

Amendment and Termination

The Long Term Incentive Plan may be amended, altered, suspended or terminated by the Board at any time, in whole or in part, without the consent of stockholders or plan participants. However, any amendment for which stockholder approval is required under the rules of any stock exchange or automated quotation system on which the shares of Common Stock may then be listed or quoted will not be effective until such stockholder approval has been obtained. In addition, no amendment, suspension, or termination of the Long Term Incentive Plan may materially and adversely affect the rights of a participant under any Award theretofore granted to him or her without the consent of the affected participant. The LTIP Administrator may waive any conditions or rights, amend any terms, or amend, suspend or terminate, any Award granted, provided that, without participant consent, such amendment, suspension or termination may not materially and adversely affect the rights of such participant under any Award previously granted to him or her.

Effective Date and Term

The Long Term Incentive Plan became effective on July 21, 2010, the date of approval by our stockholders. Unless earlier terminated or extended, the Long Term Incentive Plan will expire on May 25, 2020 (unless sooner terminated by the Board), and no further awards may be granted thereunder after such date.

Federal Income Tax Consequences

The following is a summary of the federal income tax consequences of the Long Term Incentive Plan, based upon current provisions of the Code, the Treasury regulations promulgated thereunder and administrative and judicial interpretations thereof, and does not address the consequences under any state, local or foreign tax laws.

Stock Options

In general, the grant of an option will not be a taxable event to the recipient, and it will not result in a deduction to the Company. The tax consequences associated with the exercise of an option and the subsequent disposition of shares of Common Stock acquired on the exercise of such option depend on whether the option is a nonqualified stock option or an ISO.

Upon the exercise of a nonqualified stock option, the participant will recognize ordinary taxable income equal to the excess of the fair market value of the shares of Common Stock received upon exercise over the exercise price. The Company or a subsidiary that employs the participant will generally be able to claim a deduction in an equivalent amount. Any gain or loss upon a subsequent sale or exchange of the shares of Common Stock will be capital gain or loss, long-term or short-term, depending on the holding period for the shares of Common Stock.

Generally, a participant will not recognize ordinary taxable income at the time of exercise of an ISO, and no deduction will be available to the Company or a subsidiary that employs the participant, provided the option is exercised while the participant is an employee or within three months following termination of employment (longer, in the case of disability or death). If an ISO granted under the Long Term Incentive Plan is exercised after these periods, the exercise will be treated for federal income tax purposes as the exercise of a nonqualified stock option. Also, an ISO granted under the Long Term Incentive Plan will be treated as a nonqualified stock option to the extent it (together with other ISOs granted to the participant by the Company) first becomes exercisable in any calendar year for shares of Common Stock having a fair market value, determined as of the date of grant, in excess of \$100,000.

If shares of Common Stock acquired upon exercise of an ISO are sold or exchanged more than one year after the date of exercise and more than two years after the date of grant of the option, any gain or loss will be long-term capital gain or loss. If shares of Common Stock acquired upon exercise of an ISO are disposed of prior to the expiration of these one-year or two-year holding periods (a "Disqualifying Disposition"), the participant will recognize ordinary income at the time of disposition, and the Company or a subsidiary that employs the participant will generally be entitled to a deduction, in an amount equal to the excess of the fair market value of the shares of Common Stock at the date of exercise over the exercise price. Any additional gain will be treated as capital gain, long-term or short-term, depending on how long the shares of Common Stock have been held. Where shares of Common Stock are sold or exchanged in a Disqualifying Disposition (other than certain related party transactions) for an amount less than their fair market value at the date of exercise, any ordinary income recognized in connection with the Disqualifying Disposition will be limited to the amount of gain, if any, recognized in the sale or exchange, and any loss will be a long-term or short-term capital loss, depending on how long the shares of Common Stock have been held.

If an option is exercised through the use of shares of Common Stock previously owned by the participant, such exercise generally will not be considered a taxable disposition of the previously owned shares of Common Stock, and thus, no gain or loss will be recognized with respect to such previously owned shares of Common Stock upon such exercise. The amount of any built-in gain on the previously owned shares of Common Stock generally will not be recognized until the new shares of Common Stock acquired on the option exercise are disposed of in a sale or other taxable transaction.

Although the exercise of an ISO as described above would not produce ordinary taxable income to the participant, it would result in an increase in the participant's alternative minimum taxable income and may result in an alternative minimum tax liability.

Restricted Shares

A participant who receives restricted shares of Common Stock will generally recognize ordinary income at the time that they “vest”, i.e., when they are not subject to a substantial risk of forfeiture. The amount of ordinary income so recognized will generally be the fair market value of the shares of Common Stock at the time the shares of Common Stock vest, less the amount, if any, paid for the shares of Common Stock. This amount is generally deductible for federal income tax purposes by the Company or a subsidiary that employs the participant. Dividends paid with respect to shares of Common Stock that are nonvested will be ordinary compensation income to the participant (and generally deductible by the Company or a subsidiary that employs the participant). Any gain or loss upon a subsequent sale or exchange of the shares of Common Stock, measured by the difference between the sale price and the fair market value on the date the shares of Common Stock vest, will be capital gain or loss, long-term or short-term, depending on the holding period for the shares of Common Stock. The holding period for this purpose will begin on the date following the date the shares of Common Stock vest.

In lieu of the treatment described above, a participant may elect immediate recognition of income under Section 83(b) of the Code. In such event, the participant will recognize as income the fair market value of the restricted shares at the time of grant (determined without regard to any restrictions other than restrictions which by their terms will never lapse), and the Company or a subsidiary that employs the participant will generally be entitled to a corresponding deduction. Dividends paid with respect to shares of Common Stock as to which a proper Section 83(b) election has been made will not be deductible to the Company or a subsidiary that employs the participant. If a Section 83(b) election is made and the restricted shares are subsequently forfeited, the participant will not be entitled to any offsetting tax deduction.

SARs, RSUs and Other Awards

With respect to SARs, RSUs, performance shares, performance units, dividend equivalents and other Awards under the Long Term Incentive Plan not described above, generally, when a participant receives payment with respect to any such Award granted to him or her under the Long Term Incentive Plan, the amount of cash and the fair market value of any other property received will be ordinary income to such participant and will be allowed as a deduction for federal income tax purposes to the Company or a subsidiary that employs the participant.

Payment of Withholding Taxes

The Company may withhold, or require a participant to remit to it, an amount sufficient to satisfy any federal, state, local or foreign withholding tax requirements associated with Awards under the Long Term Incentive Plan.

Deductibility Limit on Compensation in Excess of \$1 Million

Section 162(m) of the Code generally limits the deductible amount of annual compensation paid (including, unless an exception applies, compensation otherwise deductible in connection with Awards granted under the Long Term Incentive Plan) by a public company to each “covered employee” (i.e., the chief executive officer, the chief financial officer and the three most highly compensated executive officers of the Company other than the chief executive officer or the chief financial officer) to no more than \$1 million. However, qualifying performance-based compensation will be excluded from the \$1 million cap on deductibility. Although we consider tax deductibility under Section 162(m) as a factor in our compensation decisions (including Awards under the Long Term Incentive Plan), we retain the ability to authorize certain compensation payments that may not satisfy the tax deductibility requirements under Section 162(m) if it is determined that such payments are appropriate to attract and/or retain executive talent or otherwise promote our corporate objectives.

The amount of benefits payable in the future under the Long Term Incentive Plan is not currently determinable.

**ITEM 5 — NON-BINDING ADVISORY VOTE TO APPROVE THE COMPENSATION OF
XOMA’S NAMED EXECUTIVE OFFICERS**

The stockholders of XOMA are entitled to cast an advisory vote at the annual meeting to approve the compensation of the Company’s named executive officers, as disclosed in this proxy statement. The stockholder vote is an advisory vote only and is not binding on XOMA or its Board of Directors. The Company currently intends to submit the compensation of the Company’s named executive officers once every three years, consistent with the advisory vote of the stockholders at the Company’s 2011 annual meeting.

Although the vote is non-binding, the Compensation Committee and the Board of Directors value the opinions of XOMA’s stockholders and will consider the outcome of the vote in establishing compensation philosophy and in making future compensation decisions.

As described more fully in the “Compensation Discussion & Analysis” above and in the Summary Compensation Table and subsequent tables, the Company’s named executive officers are compensated in a manner consistent with our business strategy, competitive practice, sound compensation governance principles, and stockholder interests and concerns. Our compensation policies and decisions are focused on pay-for-performance.

In 2013, XOMA succeeded in either exceeding its Corporate Objectives or largely achieving them. Consistent with our philosophy to pay for performance, our CEO’s total direct compensation for the fiscal year was aligned with the success of the Company in achieving those objectives. XOMA also has several compensation governance programs in place to manage compensation risk and align the Company’s executive compensation with long-term stockholder interests. These programs include:

- a compensation recoupment policy;
- an independent compensation committee and compensation consultant;
- a hedging and insider trading policy;
- stock ownership guidelines; and
- an annual risk assessment.

We are requesting your non-binding vote to approve the compensation of the Company’s named executive officers as described on pages to , including the Summary Compensation Table and subsequent tables on pages to of the proxy statement.

The affirmative vote of a majority of the shares of the Company’s Common Stock present or represented by proxy and voting at the annual meeting, together with the affirmative vote of a majority of the required quorum, is required for approval of this proposal.

Recommendation

The Board recommends a vote **‘FOR’** the approval of the compensation of XOMA’s named executive officers for fiscal 2013.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Exchange Act requires the Company's executive officers and directors to file initial reports of ownership and changes in ownership with the SEC and NASDAQ. Such executive officers and directors are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based on a review of the copies of the forms furnished to the Company and written representations from the Company's executive officers and directors, all persons subject to the reporting requirements of Section 16(a) filed the required reports with respect to 2013 on a timely basis, other than Mr. Rubin, who's October 18, 2013 sale of 5,254 shares of Common Stock was reported on an amended Form 4 on October 21, 2013.

TRANSACTIONS WITH RELATED PERSONS

There were no reportable transactions with related persons during 2013. The Company or a subsidiary of the Company may occasionally enter into transactions with certain related persons, such as executive officers, directors or nominees for directors of the Company, their immediate family members or beneficial owners of more than 5% of the Company's outstanding Common Stock, in which the related party has a direct or indirect material interest. Each such transaction is subject to review and pre-approval by the Audit Committee.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or other annual meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or other annual meeting materials addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are XOMA stockholders will be "householding" the Company's proxy materials. A single Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate Notice of Internet Availability of Proxy Materials, please notify your broker or XOMA. Direct your written request to the Company's principal office, at 2910 Seventh Street, Berkeley, California 94710, Attention: Secretary or by calling Stockholders who currently receive multiple copies of the Notices of Internet Availability of Proxy Materials at their addresses and would like to request "householding" of their communications should contact their brokers.

OTHER MATTERS

The Board does not know of any matters to be presented at this annual meeting other than those set forth in this proxy statement and in the notice accompanying this proxy statement. If other matters should properly come before the meeting, it is intended that the proxy holders will vote on such matters in accordance with their best judgment.

It is important that your shares of Common Stock be represented at the meeting, regardless of the number of shares of Common Stock which you hold. You are, therefore, urged to promptly vote your proxy by accessing the Internet, via a toll-free telephone number as instructed in the Notice, or if you have elected to receive a paper copy of the proxy materials, by completing, signing and returning the proxy card that is provided.

STOCKHOLDER PROPOSALS AND OTHER COMMUNICATIONS

A stockholder who intends to present a proposal at the 2015 meeting of stockholders must submit such proposal to the Company by December , 2014 for inclusion in the Company's 2015 proxy statement and proxy card relating to such meeting. The proposal must be mailed to the Company's principal office at 2910 Seventh Street, Berkeley, California 94710, Attention: Secretary and must comply with all applicable requirements of Rule 14a-8 promulgated under the Exchange Act. A stockholder who intends to submit a proposal that is not to be included in next year's proxy materials, but that may be considered at the annual meeting of stockholders to be held in 2015, must do so in writing following the above instructions not earlier than the close of business on January , 2015 and not later than the close of business on February , 2015. We advise you to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations, including the different notice submission date requirements in the event our annual meeting for 2015 is held more than 30 days before or 60 days after May 22, 2015. The section titled "Nominating & Governance Committee" in this proxy statement provides additional information on the director nomination process.

For all other stockholders communications with the Board or a particular director, a stockholder may send a letter to the Company's principal office at 2910 Seventh Street, Berkeley, California 94710, Attention: Secretary. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Stockholder-Board Communication" or "Stockholder-Director Communication." The letter must identify the author as a stockholder and clearly state whether the intended recipients are all members of the Board or just certain specified individual directors.

By Order of the Board,

Fred Kurland
Vice President, Chief Financial Officer
and Secretary

-
- (ii) if the Shares are at the time listed or admitted to trading on any stock exchange, then the fair market value shall be the closing selling price per Share on the date in question on the stock exchange determined by the Committee to be the primary market for the Shares, as such price is officially quoted on such exchange; provided that if there is no reported sale of Shares on such exchange on the date in question, then the fair market value shall be the closing selling price on the exchange on the last preceding date for which such quotation exists; or
- (iii) if the Shares are at the time neither listed nor admitted to trading on any stock exchange nor traded in the over-the-counter market (or if the Committee determines that the value as determined pursuant to subsection (i) or (ii) above does not reflect fair market value), then the Committee shall determine fair market value after taking into account such factors as it deems appropriate, including one or more independent professional appraisals.
- (p) "Incumbent Directors" means directors who (i) are directors of the Company as of the date hereof, (ii) are elected, or nominated for election, to the Board with the affirmative votes of the directors of the Company as of the date hereof, or (iii) are elected, or nominated for election, to the Board with the affirmative votes of at least a majority of those directors whose election or nomination was not in connection with any transaction described in subsections (i) through (v) of the definition of Change in Control or in connection with an actual or threatened proxy contest relating to the election of directors of the Company.

In the event that a Participant who is an employee of the Company, a Subsidiary or an Affiliate becomes a Director or a consultant to the Company, a Subsidiary or an Affiliate upon the Participant's termination of employment, unless otherwise determined by the Committee in its sole discretion, no Termination of Service shall be deemed to occur until such time as such Participant is no longer an employee of, or consultant to, the Company, a Subsidiary or an Affiliate or a Director, as the case may be. If a Participant who is a Director becomes an employee of, or a consultant to, the Company, a Subsidiary or an Affiliate upon such Participant ceasing to be a Director, unless otherwise determined by the Committee in its sole discretion, such termination of the Participant's directorship shall not be treated as a Termination of Service unless and until the Participant's employment or consultancy, as the case may be, terminates. Temporary absences from employment because of illness, vacation or leave of absence and transfers among the Company and its Subsidiaries and Affiliates shall not be considered a Termination of Service.

3. Administration.

(a) Authority of the Committee. This Plan shall be administered by the Committee, and the Committee shall have full and final authority to take the following actions, in each case subject to and consistent with the provisions of this Plan:

- (i) to select Eligible Persons to whom Awards may be granted;
- (ii) to designate Affiliates;
- (iii) to determine the type or types of Awards to be granted to each Eligible Person;
- (iv) to determine the type and number of Awards to be granted, the number of Shares to which an Award may relate, the terms and conditions of any Award granted under this Plan (including, but not limited to, any exercise price, grant price, or purchase price, any restriction or condition, any schedule for lapse of restrictions or conditions relating to transferability or forfeiture, exercisability, or settlement of an Award, and waiver or accelerations thereof, and waivers of performance conditions relating to an Award, based in each case on such considerations as the Committee shall determine), and all other matters to be determined in connection with an Award;
- (v) to determine whether, to what extent, and under what circumstances an Award may be settled, or the exercise price of an Award may be paid, in cash, Shares, other Awards, or other property, or an Award may be canceled, forfeited, exchanged, or surrendered;
- (vi) to determine whether, to what extent, and under what circumstances cash, Shares, other Awards, or other property payable with respect to an Award will be deferred either automatically, at the election of the Committee, or at the election of the Eligible Person, provided that such deferral shall be intended to be in compliance with Section 409A of the Code;
- (vii) to prescribe the form of each Award Agreement, which need not be identical for each Eligible Person;
- (viii) to adopt, amend, suspend, waive, and rescind such rules and regulations and appoint such agents as the Committee may deem necessary or advisable to administer this Plan;

(ix) to correct any defect or supply any omission or reconcile any inconsistency in this Plan and to construe and interpret this Plan and any Award, rules and regulations, Award Agreement, or other instrument hereunder;

(x) to accelerate the exercisability or vesting of all or any portion of any Award or to extend the period during which an Award is exercisable;

(xi) to determine whether uncertificated Shares may be used in satisfying Awards and otherwise in connection with this Plan; and

(xii) to make all other decisions and determinations as may be required under the terms of this Plan or as the Committee may deem necessary or advisable for the administration of this Plan.

(b) Manner of Exercise of Committee Authority. The Committee shall have sole discretion in exercising its authority under this Plan. Any action of the Committee with respect to this Plan shall be final, conclusive, and binding on all persons, including the Company, Subsidiaries, Affiliates, Eligible Persons, any person claiming any rights under this Plan from or through any Eligible Person, and stockholders. The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee. The Committee may delegate to other members of the Board or officers or managers of the Company or any Subsidiary or Affiliate the authority, subject to such terms as the Committee shall determine, to perform administrative functions and, with respect to Awards granted to persons not subject to Section 16 of the Exchange Act, to perform such other functions as the Committee may determine, to the extent permitted under Rule 16b-3 (if applicable) and applicable law.

(c) Limitation of Liability. Each member of the Committee shall be entitled to, in good faith, rely or act upon any report or other information furnished to him or her by any officer or other employee of the Company or any Subsidiary or Affiliate, the Company's independent certified public accountants, or other professional retained by the Company to assist in the administration of this Plan. No member of the Committee, and no officer or employee of the Company acting on behalf of the Committee, shall be personally liable for any action, determination, or interpretation taken or made in good faith with respect to this Plan, and all members of the Committee and any officer or employee of the Company acting on their behalf shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action, determination, or interpretation.

(d) Limitation on Committee's Discretion. Anything in this Plan to the contrary notwithstanding, in the case of any Award which is intended to qualify as "performance-based compensation" within the meaning of Section 162(m)(4)(C) of the Code, the Committee shall have no discretion to increase the amount of compensation payable under the Award to the extent such an increase would cause the Award to lose its qualification as such performance-based compensation.

(e) No Option or SAR Repricing Without Stockholder Approval. Except as provided in the first sentence of Section 4(c) hereof relating to certain anti-dilution adjustments, unless the approval of stockholders of the Company is obtained, (i) Options and SARs shall not be amended to lower their exercise price, (ii) Options and SARs will not be exchanged for other Options or SARs with lower exercise prices, (iii) Options and SARs with an exercise price in excess of the Fair Market Value of the underlying Shares will not be exchanged for cash or other property and (iii) no other action shall be taken with respect to Options or SARs that would be treated as a repricing under the rules of the principal stock exchange on which the Shares are listed.

(f) Limitation on Committee's Authority under 409A. Anything in this Plan to the contrary notwithstanding, the Committee's authority to modify outstanding Awards shall be limited to the extent necessary so that the existence of such authority does not (i) cause an Award that is not otherwise deferred compensation subject to Section 409A of the Code to become deferred compensation subject to Section 409A of the Code or (ii) cause an Award that is otherwise deferred compensation subject to Section 409A of the Code to fail to meet the requirements prescribed by Section 409A of the Code.

4. Shares Subject to this Plan.

(a) Subject to adjustment as provided in Section 4(c) hereof, the total number of Shares reserved for issuance in connection with Awards under this Plan shall be (i) 18,771,206 plus (ii) the number of Shares subject to awards granted prior to the Effective Date of this Plan under the Company's 1981 Share Option Plan, its Restricted Share Plan or its 1992 Directors Share Option Plan which awards are, after the Effective Date, forfeited, canceled, surrendered or otherwise terminated without a distribution of Shares to the holder of the award; provided, however, that, subject to adjustment as provided in Section 4(c) hereof, no more than 8,100,000 Shares may be issued as ISOs under this Plan; and, provided, further, that for each SAR, Restricted Share, Restricted Stock Unit, Performance Share, Performance Unit, Dividend Equivalent or Other Stock-Based Award issued, such total number of available Shares shall be reduced by 1.18 Shares. No Award may be granted if the number of Shares to which such Award relates, when added to the number of Shares previously issued under this Plan, exceeds the number of Shares reserved under the applicable provisions of the preceding sentence. If any Awards are forfeited, canceled, terminated, exchanged or surrendered or such Award is settled in cash or otherwise terminates without a distribution of Shares to the Participant, any Shares counted against the number of Shares reserved and available under this Plan with respect to such Award shall, to the extent of any such forfeiture, repurchase, settlement, termination, cancellation, exchange or surrender, again be available for Awards under this Plan. Upon the exercise of any Award granted in tandem with any other Awards, such related Awards shall be canceled to the extent of the number of Shares as to which the Award is exercised.

(b) Subject to adjustment as provided in Section 4(c) hereof, the maximum number of Shares (i) with respect to which Options or SARs may be granted during a calendar year to any Eligible Person under this Plan shall be 466,666 Shares, and (ii) with respect to which Performance Shares, Performance Units, Restricted Shares or Restricted Stock Units intended to qualify as performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code may be granted during a calendar year to any Eligible Person under this Plan shall be 466,666 Shares.

(c) In the event that the Committee shall determine that any dividend in Shares, recapitalization, Share split, reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, share exchange, extraordinary distribution or other similar corporate transaction or event, affects the Shares such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of Eligible Persons under this Plan, then the Committee shall make such equitable changes or adjustments as it deems appropriate and, in such manner as it may deem equitable, (i) adjust any or all of (x) the number and kind of shares which may thereafter be issued under this Plan, (y) the number and kind of shares, other securities or other consideration issued or issuable in respect of outstanding Awards, and (z) the exercise price, grant price, or purchase price relating to any Award, or (ii) provide for a distribution of cash or property in respect of any Award; provided, however, in each case that, with respect to ISOs, such adjustment shall be made in accordance with Section 424(a) of the Code, unless the Committee determines otherwise; provided, further, that no adjustment shall be made pursuant to this Section 4(c) that causes any Award that is not otherwise deferred compensation subject to Section 409A of the Code to be treated as deferred compensation pursuant to Section 409A of the Code. In addition, the Committee is authorized to make adjustments in the terms and conditions of, and the criteria and performance objectives, if any, included in, Awards in recognition of unusual or non-recurring events (including, without limitation, events described in the preceding sentence) affecting the Company or any Subsidiary or Affiliate or the financial statements of the Company or any Subsidiary or Affiliate, or in response to changes in applicable laws, regulations, or accounting principles; provided, however, that the Committee shall not have discretion to increase the amount of compensation payable under any Award intended to qualify as performance-based compensation for purposes of Section 162(m)(4)(C) of the Code to the extent such an increase would cause the Award to lose its qualification as performance-based compensation for purposes of Section 162(m)(4)(C) of the Code and the regulations thereunder.

(d) Any Shares distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares or treasury Shares including Shares acquired by purchase in the open market or in private transactions.

5. Specific Terms of Awards.

(a) General. Awards may be granted on the terms and conditions set forth in this Section 5. In addition, the Committee may impose on any Award or the exercise thereof, at the date of grant or thereafter (subject to Section 9(d)), such additional terms and conditions, not inconsistent with the provisions of this Plan, as the Committee shall determine, including terms regarding forfeiture of Awards or continued exercisability of Awards in the event of Termination of Service by the Eligible Person.

(b) Options. The Committee is authorized to grant Options, which may be NQSOs or ISOs, to Eligible Persons on the following terms and conditions:

(i) Exercise Price. The exercise price per Share purchasable under an Option shall be determined by the Committee; provided, however, that the exercise price per Share of an Option shall not be less than the Fair Market Value of a Share on the date of grant of the Option. The Committee may, without limitation, set an exercise price that is based upon achievement of performance criteria if deemed appropriate by the Committee.

(ii) Option Term. The term of each Option shall be determined by the Committee; provided, however, that such term shall not be longer than ten years from the date of grant of the Option.

(iii) Time and Method of Exercise. The Committee shall determine at the date of grant or thereafter the time or times at which an Option may be exercised in whole or in part (including, without limitation, upon achievement of performance criteria if deemed appropriate by the Committee), the methods by which such exercise price may be paid or deemed to be paid (including, without limitation, broker-assisted exercise arrangements), the form of such payment (including, without limitation, cash, Shares or other property), and the methods by which Shares will be delivered or deemed to be delivered to Eligible Persons.

(iv) ISOs. The terms of any ISO granted under this Plan shall comply in all respects with the provisions of Section 422 of the Code, including but not limited to the requirement that the ISO shall be granted within ten years from the earlier of the date of adoption or stockholder approval of this Plan. ISOs may only be granted to employees of the Company or a Subsidiary.

(c) SARs. The Committee is authorized to grant SARs (Stock Appreciation Rights) to Eligible Persons on the following terms and conditions:

(i) Right to Payment. A SAR shall confer on the Eligible Person to whom it is granted a right to receive with respect to each Share subject thereto, upon exercise thereof, the excess of (1) the Fair Market Value of one Share on the date of exercise over (2) the exercise price per Share of the SAR, as determined by the Committee as of the date of grant of the SAR (which shall not be less than the Fair Market Value per Share on the date of grant of the SAR and, in the case of a SAR granted in tandem with an Option, shall be equal to the exercise price of the underlying Option).

(ii) Other Terms. The Committee shall determine, at the time of grant or thereafter, the time or times at which a SAR may be exercised in whole or in part (which shall not be more than ten years after the date of grant of the SAR), the method of exercise, method of settlement, form of consideration payable in settlement, method by which Shares will be delivered or deemed to be delivered to Eligible Persons, whether or not a SAR shall be in tandem with any other Award, and any other terms and conditions of any SAR. Unless the Committee determines otherwise, a SAR (1) granted in tandem with an NQSO may be granted at the time of grant of the related NQSO or at any time thereafter and (2) granted in tandem with an ISO may only be granted at the time of grant of the related ISO.

(d) Restricted Shares. The Committee is authorized to grant Restricted Shares to Eligible Persons on the following terms and conditions:

(i) Issuance and Restrictions. Restricted Shares shall be subject to such restrictions on transferability and other restrictions, if any, as the Committee may impose at the date of grant or thereafter, which restrictions may lapse separately or in combination at such times, under such circumstances (including, without

limitation, upon achievement of performance criteria if deemed appropriate by the Committee), in such installments, or otherwise, as the Committee may determine. Except to the extent restricted under the Award Agreement relating to the Restricted Shares, an Eligible Person granted Restricted Shares shall have all of the rights of a stockholder including, without limitation, the right to vote Restricted Shares and the right to receive dividends thereon.

(ii) Forfeiture. Except as otherwise determined by the Committee, at the date of grant or thereafter, upon Termination of Service during the applicable restriction period, Restricted Shares shall be repurchased by the Company for a nominal amount equal to their par value and any accrued but unpaid dividends or Dividend Equivalents that are at that time subject to restrictions shall be forfeited; provided, however, that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Restricted Shares will be waived in whole or in part in the event of Termination of Service resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Restricted Shares.

(iii) Certificates for Shares. Restricted Shares granted under this Plan may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Shares are registered in the name of the Eligible Person, such certificates shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Shares, and, unless otherwise determined by the Committee, the Company shall retain physical possession of the certificate and the Participant shall deliver a stock power to the Company, endorsed in blank, relating to the Restricted Shares.

(iv) Dividends. Dividends paid on Restricted Shares shall be either paid at the dividend payment date, or deferred for payment to such date, and subject to such conditions, as determined by the Committee, in cash or in restricted or unrestricted Shares having a Fair Market Value equal to the amount of such dividends. Unless otherwise determined by the Committee, Shares distributed in connection with a Share split or dividend in Shares, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Shares with respect to which such Shares or other property has been distributed.

(e) Restricted Stock Units. The Committee is authorized to grant Restricted Stock Units to Eligible Persons, subject to the following terms and conditions:

(i) Award and Restrictions. Delivery of Shares or cash, as the case may be, will occur upon expiration of the deferral period specified for Restricted Stock Units by the Committee (or, if permitted by the Committee, as elected by the Eligible Person). In addition, Restricted Stock Units shall be subject to such restrictions as the Committee may impose, if any (including, without limitation, the achievement of performance criteria if deemed appropriate by the Committee), at the date of grant or thereafter, which restrictions may lapse at the expiration of the deferral period or at earlier or later specified times, separately or in combination, in installments or otherwise, as the Committee may determine.

(ii) Forfeiture. Except as otherwise determined by the Committee at the date of grant or thereafter, upon Termination of Service during the applicable deferral period or portion thereof to which forfeiture conditions apply (as provided in the Award Agreement evidencing the Restricted Stock Units), or upon failure to satisfy any other conditions precedent to the delivery of Shares or cash to which such Restricted Stock Units relate, all Restricted Stock Units that are at that time subject to deferral or restriction shall be forfeited; provided, however, that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Restricted Stock Units will be waived in whole or in part in the event of Termination of Service resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Restricted Stock Units.

(iii) Dividend Equivalents. Unless otherwise determined by the Committee at the date of grant, Dividend Equivalents on the specified number of Shares covered by a Restricted Stock Unit shall be either (A) paid with respect to such Restricted Stock Unit at the dividend payment date in cash or in restricted or

unrestricted Shares having a Fair Market Value equal to the amount of such dividends, or (B) deferred with respect to such Restricted Stock Unit and the amount or value thereof automatically deemed reinvested in additional Restricted Stock Units or other Awards, as the Committee shall determine.

(f) Performance Shares and Performance Units. The Committee is authorized to grant Performance Shares or Performance Units or both to Eligible Persons on the following terms and conditions:

(i) Performance Period. The Committee shall determine a performance period (the "Performance Period") of one or more years or other periods and shall determine the performance objectives for grants of Performance Shares and Performance Units. Performance objectives may vary from Eligible Person to Eligible Person and shall be based upon the performance criteria as the Committee may deem appropriate. The performance objectives may be determined by reference to the performance of the Company, or of a Subsidiary or Affiliate, or of a division or unit of any of the foregoing. Performance Periods may overlap and Eligible Persons may participate simultaneously with respect to Performance Shares and Performance Units for which different Performance Periods are prescribed.

(ii) Award Value. At the beginning of a Performance Period, the Committee shall determine for each Eligible Person or group of Eligible Persons with respect to that Performance Period the range of number of Shares, if any, in the case of Performance Shares, and the range of dollar values, if any, in the case of Performance Units, which may be fixed or may vary in accordance with such performance or other criteria specified by the Committee, which shall be paid to an Eligible Person as an Award if the relevant measure of Company performance for the Performance Period is met.

(iii) Significant Events. If during the course of a Performance Period there shall occur significant events as determined by the Committee which the Committee expects to have a substantial effect on a performance objective during such period, the Committee may revise such objective; provided, however, that, in the case of any Award intended to qualify as performance-based compensation for purposes of Section 162(m)(4)(C) of the Code, the Committee shall not have any discretion to increase the amount of compensation payable under the Award to the extent such an increase would cause the Award to lose its qualification as performance-based compensation for purposes of Section 162(m)(4)(C) of the Code and the regulations thereunder.

(iv) Forfeiture. Except as otherwise determined by the Committee at the date of grant or thereafter, upon Termination of Service during the applicable Performance Period, Performance Shares and Performance Units for which the Performance Period was prescribed shall be forfeited; provided, however, that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in an individual case, that restrictions or forfeiture conditions relating to Performance Shares and Performance Units will be waived in whole or in part in the event of Terminations of Service resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Performance Shares and Performance Units.

(v) Payment. Each Performance Share or Performance Unit may be paid in whole Shares, or cash, or a combination of Shares and cash either as a lump sum payment or in installments, all as the Committee shall determine, at the time of grant of the Performance Share or Performance Unit or otherwise, commencing at the time determined by the Committee.

(vi) Restriction on Dividends. No dividends or Dividend Equivalents shall be paid on any Performance Share or Performance Unit until such time (if ever) as the performance criteria associated therewith have been met.

(g) Dividend Equivalents. The Committee is authorized to grant Dividend Equivalents to Eligible Persons. The Committee may provide, at the date of grant or thereafter, that Dividend Equivalents shall be paid or distributed when accrued or shall be deemed to have been reinvested in additional Shares, or other investment vehicles as the Committee may specify; provided, however, that, unless otherwise determined by the Committee, Dividend Equivalents (other than freestanding Dividend Equivalents) shall be subject to all conditions and restrictions of any underlying Awards to which they relate.

(h) Other Stock-Based Awards. The Committee is authorized, subject to limitations under applicable law, to grant to Eligible Persons such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Shares, as deemed by the Committee to be consistent with the purposes of this Plan, including, without limitation, unrestricted shares awarded purely as a "bonus" and not subject to any restrictions or conditions, other rights convertible or exchangeable into Shares, purchase rights for Shares, Awards with value and payment contingent upon performance of the Company or any other factors designated by the Committee, and Awards valued by reference to the performance of specified Subsidiaries or Affiliates. The Committee shall determine the terms and conditions of such Awards at date of grant or thereafter. Shares delivered pursuant to an Award in the nature of a purchase right granted under this Section 5(h) shall be purchased for such consideration, paid for at such times, by such methods, and in such forms, including, without limitation, cash, Shares, notes or other property, as the Committee shall determine. Cash awards, as an element of or supplement to any other Award under this Plan, shall also be authorized pursuant to this Section 5(h).

6. Certain Provisions Applicable to Awards

(a) Stand-Alone, Additional, Tandem and Substitute Awards. Awards granted under this Plan may, in the discretion of the Committee, be granted to Eligible Persons either alone or in addition to, in tandem with, or in exchange or substitution for, any other Award granted under this Plan or any award granted under any other plan or agreement of the Company, any Subsidiary or Affiliate, or any business entity to be acquired by the Company or a Subsidiary or Affiliate, or any other right of an Eligible Person to receive payment from the Company or any Subsidiary or Affiliate. Awards may be granted in addition to or in tandem with such other Awards or awards, and may be granted either as of the same time as, or a different time from, the grant of such other Awards or awards. Subject to the provisions of Section 3(e) hereof prohibiting Option and SAR repricing without stockholder approval, the per Share exercise price of any Option, or grant price of any SAR, which is granted in connection with the substitution of awards granted under any other plan or agreement of the Company or any Subsidiary or Affiliate, or any business entity to be acquired by the Company or any Subsidiary or Affiliate, shall be determined by the Committee, in its discretion.

(b) Term of Awards. The term of each Award granted to an Eligible Person shall be for such period as may be determined by the Committee provided, however, that in no event shall the term of any Option or SAR exceed a period of ten years from the date of its grant (or, in the case of ISOs, such shorter period as may be applicable under Section 422 of the Code).

(c) Form of Payment Under Awards. Subject to the terms of this Plan and any applicable Award Agreement, payments to be made by the Company or a Subsidiary or Affiliate upon the grant, maturation, or exercise of an Award may be made in such forms as the Committee shall determine at the date of grant or thereafter, including, without limitation, cash, Shares, notes or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis, provided that any such deferral shall be intended to be in compliance with Section 409A of the Code. The Committee may make rules relating to installment or deferred payments with respect to Awards, including the rate of interest to be credited with respect to such payments, and the Committee may require deferral of payment under an Award if, in the sole judgment of the Committee, it may be necessary in order to avoid nondeductibility of the payment under Section 162(m) of the Code.

(d) Nontransferability. Awards shall not be transferable by an Eligible Person except by will or the laws of descent and distribution (except pursuant to a Beneficiary designation) and shall be exercisable during the lifetime of an Eligible Person only by such Eligible Person or his or her guardian or legal representative, provided that Awards that are NQSOs may be transferred or assigned by the optionee to the optionee's spouse or descendent (any such spouse or descendent, an "Immediate Family Member") or a corporation, partnership, limited liability company or trust so long as all of the stockholders, partners, members or beneficiaries thereof, as the case may be, are either the optionee or the optionee's Immediate Family Member, provided, further, that (i) there may be no consideration for any such transfer and (ii) subsequent transfers of the transferred NQSO will

be prohibited other than by will or the laws of descent and distribution. An Eligible Person's rights under this Plan may not be pledged, mortgaged, hypothecated, or otherwise encumbered, and shall not be subject to claims of the Eligible Person's creditors.

(e) Noncompetition. The Committee may, by way of the Award Agreements or otherwise, establish such other terms, conditions, restrictions and/or limitations, if any, of any Award, provided they are not inconsistent with this Plan, including, without limitation, the requirement that the Participant not engage in competition with, solicit customers or employees of, or disclose or use confidential information of the Company or its Affiliates.

7. Performance Awards.

(a) Performance Awards Granted to Covered Employees. If the Committee determines that an Award (other than an Option or SAR) to be granted to an Eligible Person should qualify as "performance-based compensation" for purposes of Section 162(m) of the Code, the grant, vesting, exercise and/or settlement of such Award (each, a "Performance Award") shall be contingent upon achievement of pre-established performance goals and other terms set forth in this Section 7(a).

(i) Performance Goals Generally. The performance goals for such Performance Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this Section 7(a). The performance goals shall be objective and shall otherwise meet the requirements of Section 162(m) of the Code and regulations thereunder (including Treasury Regulation 1.162-27 and successor regulations thereto), including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being "substantially uncertain." The Committee may determine that such Performance Awards shall be granted, vested, exercised and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, vesting, exercise and/or settlement of such Performance Awards. Performance goals may differ for Performance Awards granted to any one Participant or to different Participants.

(ii) Business Criteria. One or more of the following business criteria for the Company, on a consolidated basis, and/or for specified Subsidiaries or Affiliates or other business units or lines of business of the Company shall be used by the Committee in establishing performance goals for such Performance Awards: (1) earnings per share (basic or fully diluted); (2) revenues; (3) earnings, before or after taxes, from operations (generally or specified operations), or before or after interest expense, depreciation, amortization, incentives, or extraordinary or special items; (4) cash flow, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital; (5) return on net assets, return on assets, return on investment, return on capital, return on equity; (6) economic value added; (7) operating margin or operating expense; (8) net income; (9) Share price or total stockholder return; (10) book value; (11) expense ratio; (12) operating income; and (13) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, geographic business expansion goals, cost targets, customer satisfaction, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of Subsidiaries, Affiliates or joint ventures. The targeted level or levels of performance with respect to such business criteria may be established at such levels and in such terms as the Committee may determine, in its discretion, including in absolute terms, as a goal relative to performance in prior periods, or as a goal compared to the performance of one or more comparable companies or an index covering multiple companies.

(iii) Performance Period; Timing for Establishing Performance Goals; Per-Person Limit. Achievement of performance goals in respect of such Performance Awards shall be measured over a performance period, as specified by the Committee. A performance goal shall be established not later than the earlier of (A) 90 days after the beginning of any performance period applicable to such Performance Award or (B) the time 25% of such performance period has elapsed. In all cases, the maximum Performance Award of any Participant shall be subject to the limitation set forth in Section 4(b) or 7(a)(v), as applicable.

(iv) Settlement of Performance Awards; Other Terms. Settlement of such Performance Awards shall be in cash, Shares, other Awards or other property, in the discretion of the Committee. The Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with such Performance Awards, but may not exercise discretion to increase any such amount payable to the Participant in respect of a Performance Award subject to this Section 7(a). Any settlement which changes the form of payment from that originally specified shall be implemented in a manner such that the Performance Award and other related Awards do not, solely for that reason, fail to qualify as “performance-based compensation” for purposes of Section 162(m) of the Code. The Committee shall specify the circumstances in which such Performance Awards shall be paid or forfeited in the event of Termination of Service of the Participant or other event (including a Change in Control) prior to the end of a performance period or settlement of such Performance Awards.

(v) Maximum Annual Cash Award. The maximum amount payable upon settlement of a cash-settled Performance Unit (or other cash-settled Award) granted under this Plan that is intended to satisfy the requirements for “performance-based compensation” under Section 162(m) of the Code for any calendar year to any Eligible Person shall not exceed \$3,000,000.

(b) Written Determinations. Determinations by the Committee as to the establishment of performance goals, the amount potentially payable in respect of Performance Awards, the level of actual achievement of the specified performance goals relating to Performance Awards and the amount of any final Performance Award shall be recorded in writing in the case of Performance Awards intended to qualify under Section 162(m) of the Code. Specifically, the Committee shall certify in writing, in a manner conforming to applicable regulations under Section 162(m), prior to settlement of each such Award, that the performance objective relating to the Performance Award and other material terms of the Award upon which settlement of the Award was conditioned have been satisfied.

8. Change in Control Provisions. Unless otherwise provided by the Committee at the time of the Award grant, in the event of a Change in Control, (i) all outstanding Awards pursuant to which the Participant may have rights the exercise of which is restricted or limited, shall become fully exercisable at the time of the Change in Control, and (ii) unless the right to lapse of restrictions or limitations is waived or deferred by a Participant prior to such lapse, all restrictions or limitations (including risks of forfeiture and deferrals) on outstanding Awards subject to restrictions or limitations under this Plan shall lapse, and all performance criteria and other conditions to payment of Awards under which payments of cash, Shares or other property are subject to conditions shall be deemed to be achieved or fulfilled at target (if applicable) and shall be waived by the Company at the time of the Change in Control. However, if so determined by the Board, notwithstanding the foregoing, an outstanding Award shall not be subject to the treatment provided in 8(a)(i) and 8(a)(ii) above if and to the extent such Award is, in connection with the Change in Control, either to be assumed by the successor company or parent thereof or to be replaced with comparable awards with respect to capital stock of the successor company or parent thereof, such comparability to be determined by the Committee.

9. General Provisions.

(a) Compliance with Legal and Trading Requirements. This Plan, the granting and exercising of Awards thereunder, and the other obligations of the Company under this Plan and any Award Agreement, shall be subject to all applicable federal, state and foreign laws, rules and regulations, and to such approvals by any stock exchange, regulatory or governmental agency as may be required. The Company, in its discretion, may postpone the issuance or delivery of Shares under any Award until completion of such stock exchange or market system listing or registration or qualification of such Shares or any required action under any state, federal or foreign law, rule or regulation as the Company may consider appropriate, and may require any Participant to make such representations and furnish such information as it may consider appropriate in connection with the issuance or delivery of Shares in compliance with applicable laws, rules and regulations. No provisions of this Plan shall be interpreted or construed to obligate the Company to register any Shares under federal, state or foreign law. The Shares issued under this Plan may be subject to such other restrictions on transfer as determined by the Committee.

(b) No Right to Continued Employment or Service. Neither this Plan nor any action taken thereunder shall be construed as giving any employee, consultant or director the right to be retained in the employ or service of the Company or any of its Subsidiaries or Affiliates, nor shall it interfere in any way with the right of the Company or any of its Subsidiaries or Affiliates to terminate any employee's, consultant's or director's employment or service at any time.

(c) Taxes. The Company or any Subsidiary or Affiliate is authorized to withhold from any Award granted, any payment relating to an Award under this Plan, including from a distribution of Shares, or any payroll or other payment to an Eligible Person, amounts of withholding and other taxes due in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company and Eligible Persons to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Shares or other property and to make cash payments in respect thereof in satisfaction of an Eligible Person's tax obligations; provided, however, that the amount of tax withholding to be satisfied by withholding Shares shall be limited to the minimum amount of taxes, including employment taxes, required to be withheld under applicable Federal, state and local law.

(d) Changes to this Plan and Awards. The Board may amend, alter, suspend, discontinue, or terminate this Plan or the Committee's authority to grant Awards under this Plan without the consent of stockholders of the Company or Participants, except that any such amendment or alteration shall be subject to the approval of the Company's stockholders (i) to the extent such stockholder approval is required under the rules of any stock exchange or automated quotation system on which the Shares may then be listed or quoted, or (ii) as it applies to ISOs, to the extent such stockholder approval is required under Section 422 of the Code; provided, however, that, without the consent of an affected Participant, no amendment, alteration, suspension, discontinuation, or termination of this Plan may materially and adversely affect the rights of such Participant under any Award theretofore granted to him or her. The Committee may waive any conditions or rights under, amend any terms of, or amend, alter, suspend, discontinue or terminate, any Award theretofore granted, prospectively or retrospectively; provided, however, that, without the consent of a Participant, no amendment, alteration, suspension, discontinuation or termination of any Award may materially and adversely affect the rights of such Participant under any Award theretofore granted to him or her.

(e) No Rights to Awards; No Stockholder Rights. No Eligible Person or employee shall have any claim to be granted any Award under this Plan, and there is no obligation for uniformity of treatment of Eligible Persons and employees. No Award shall confer on any Eligible Person any of the rights of a stockholder of the Company unless and until Shares are duly issued or transferred to the Eligible Person in accordance with the terms of the Award.

(f) Unfunded Status of Awards. This Plan is intended to constitute an "unfunded" plan for incentive compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in this Plan or any Award shall give any such Participant any rights that are greater than those of a general creditor of the Company; provided, however, that the Committee may authorize the creation of trusts or make other arrangements to meet the Company's obligations under this Plan to deliver cash, Shares, other Awards, or other property pursuant to any Award, which trusts or other arrangements shall be consistent with the "unfunded" status of this Plan unless the Committee otherwise determines with the consent of each affected Participant.

(g) Nonexclusivity of this Plan. Neither the adoption of this Plan by the Board nor its submission to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of options and other awards otherwise than under this Plan, and such arrangements may be either applicable generally or only in specific cases.

(h) Not Compensation for Benefit Plans. No Award payable under this Plan shall be deemed salary or compensation for the purpose of computing benefits under any benefit plan or other arrangement of the Company for the benefit of its employees, consultants or directors unless the Company shall determine otherwise.

(i) No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to this Plan or any Award. The Committee shall determine whether cash, other Awards, or other property shall be issued or paid in lieu of such fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

(j) Governing Law. The validity, construction, and effect of this Plan, any rules and regulations relating to this Plan, and any Award Agreement shall be determined in accordance with the laws of the State of Delaware without giving effect to principles of conflict of laws thereof.

(k) Effective Date; Plan Termination. This Plan became effective as of the Effective Date. This Plan shall terminate as to future awards on May 25, 2020 unless earlier terminated or extended by amendment.

(l) Section 409A. Awards under this Plan are intended to comply with, or be exempt from, the applicable requirements of Section 409A of the Code and shall be limited, construed and interpreted in accordance with such intent. Although the Company does not guarantee any particular tax treatment, to the extent that any Award is subject to Section 409A of the Code, it shall be paid in a manner that is intended to comply with Section 409A of the Code, including regulations and any other guidance issued by the Secretary of the Treasury and the Internal Revenue Service with respect thereto. In no event whatsoever shall the Company be liable for any additional tax, interest or penalties that may be imposed on a Participant by Section 409A of the Code or any damages for failing to comply with Section 409A of the Code.

(m) Change of Domicile. This Plan has been amended and restated to give effect to the Company's change of its jurisdiction of incorporation from Bermuda to Delaware (the "Domestication"), effective December 31, 2011 (the "Domestication Effective Date"). To the extent that Shares are required to, or may, be issued pursuant to an Award, shares of common stock of XOMA Corporation, a Delaware corporation, will be issued upon exercise or payment of any such Award previously or hereafter granted under this Plan, including Awards that were outstanding prior to the Domestication Effective Date. Until surrendered and exchanged, each certificate delivered to a Participant pursuant to this Plan and evidencing outstanding Shares immediately prior to the Domestication Effective Date shall, for all purposes of this Plan and the Shares, continue to evidence the identical amount and number of outstanding Shares at and after the Domestication Effective Date. After the Domestication Effective Date, the Company may make such modifications in the certificates evidencing (and the form of) the Shares as it deems necessary to reflect the substance of the changes to this Plan relating to the Domestication, but no such modifications shall be necessary to reflect the substance thereof.

(n) Titles and Headings. The titles and headings of the sections in this Plan are for convenience of reference only. In the event of any conflict, the text of this Plan, rather than such titles or headings, shall control.
